Date: 28th July 2025.

TO WHOMSOEVER IT MAY CONCERN.

I am pleased to write this letter of recommendation for **Parantap Mishra**, a highly talented and driven student from Lotus Valley International School, Noida who interned with us at Punjab Renewable Energy Systems Private Limited (PRESPL) as a Tech Intern from **July to December 2024** in a hybrid capacity.

Parantap interned with the team responsible for streamlining inventory management at various biomass collection centres across India. He helped develop an application which was built on XML and Java to store and manage supply chain data. Key features included real-time data synchronization, role-based access control and data validation.

Parantap provided support wherever needed, demonstrating versatility, strong communication skills and a dogged willingness to learn. His approach to allocated tasks with a positive, solution-oriented mindset made him a valuable asset to our team during his internship.

We wish Parantap all the best for his future academic and professional pursuits.

For Punjab Renewable Energy Systems Private Limited

Lt Col Monish Ahuja (Retd)
Chairman & Managing Director
